Batchelor of Science: Applied Psychology, 2000 Coppin State College

Please share a few words about your professional career (i.e. current title/employer, business, profession, or retirement status).

I currently serve as a Library Media Specialist in the Baltimore City Public School System where I have worked in various areas of each of my certified areas for a total of 22 years.

Why are you interested in serving as an officer on the Coppin State University National Alumni Association (CSUNAA) executive board?

I answered the call to serve as Treasurer during the last election and I never regretted saying yes to giving back to Coppin State. I am a Lifetime Member of the CSUNAA and I am running for reelection of the Treasurer. I am running to continue the work of responsible reporting of your dues and donations.

How can you support the alumni association to grow membership, help establish new alumni chapters, and increase alumni participation?

There are many ways that I have supported the CSUNAA's efforts to grow over the years. I will continue to spread the word of coming back home and serving those who've served you. We're a family that must stay together and develop new generations of Coppinites.

Is there anything else you would like to share?

I am a believer in the saying, "You have not, because you ask not". You must be personable and able to communicate and draw others. I was asked and I said, YES! I hope that you will say yes to my asking for another term to serve you better.
