

## 2023-2025 Coppin State University National Alumni Association Candidate Bio

**Paul Winfield**  
**Candidate for Sergeant-At-Arms**

### **Degree and Graduation Year**

Early Childhood Education '96

### **Please share a few words about your professional career (i.e. current title/employer, business, profession, or retirement status).**

Currently, I am the CEO of Winfield Educational Services. We are also doing business as Kumon of Owings Mills, Reisterstown, and Pikesville. I am also a former Mentor/Teacher trainer for Baltimore County Public Schools.

### **Why are you interested in serving as an officer on the Coppin State University National Alumni Association (CSUNAA) executive board?**

I am very interested in serving and giving back to my alma mater and the community it serves. After being away for more than 25 years, and with plenty of time on my hands, I am ready to contribute in any way I can to serve as an officer on the CSUNAA executive board. As a business owner, I am not boxed into a 9-5 schedule. I am very flexible with my schedule.

### **How can you support the alumni association to grow membership, help establish new alumni chapters, and increase alumni participation?**

Last year I completed my Board membership term as Vice President of the Non-Profit organization called SOY of Baltimore (Save Our Young). During my tenure with SOY, we were able to generate national recognition and raise thousands of dollars for middle and high school students to turn away

from participating in non-productive activities and provided them with job opportunities, internship opportunities, and the like. With my experience in the non-profit sector and as a business owner and with my philanthropic effort to help others in my community, I believe that I can help support the alumni association grow its membership, increase its participation and establish new chapter members in other states.

**Is there anything else you would like to share?**

I also became a member of the Zeta Gamma chapter of Kappa Alpha Psi while matriculating at Coppin State College now University.
